

Legoclub St Albans at Fleetville 2019

Legoclub was set up for children on the autistic spectrum and those with special needs. It is a friendly place where they and their parents can enjoy a change of scenery whilst really being themselves. This is a relaxed event for children and young people to create, socialise and develop friendships.

Freestyle building with Lego and Bionicle Lego, there is some Duplo too. Following feedback from the girls attending we now also have some "girly" Lego!

Siblings are welcome, we ask that you stay to look after your young person(s). They are typically content at Lego Club, as it is easy going, inclusive and without judgement. So bring your book, paper, a friend or make your shopping list. This is a place for the adults to take a breather too!

Coffee, tea and biscuits available. Feel free to bring a packed lunch.
